Request for Status of Application No. 10/781836

The Application was filed on 02/20/04 and had attached to the Application to make special. A check on the Internet revealed that the Application was "Not available for Public Inspection". Although I have been a Patent Agent for 26 years, I am not familiar with that term. If the Application has not been assigned, please let me know when it will be assigned.

Thank You
